

## The Classic Tower Made of Quality.

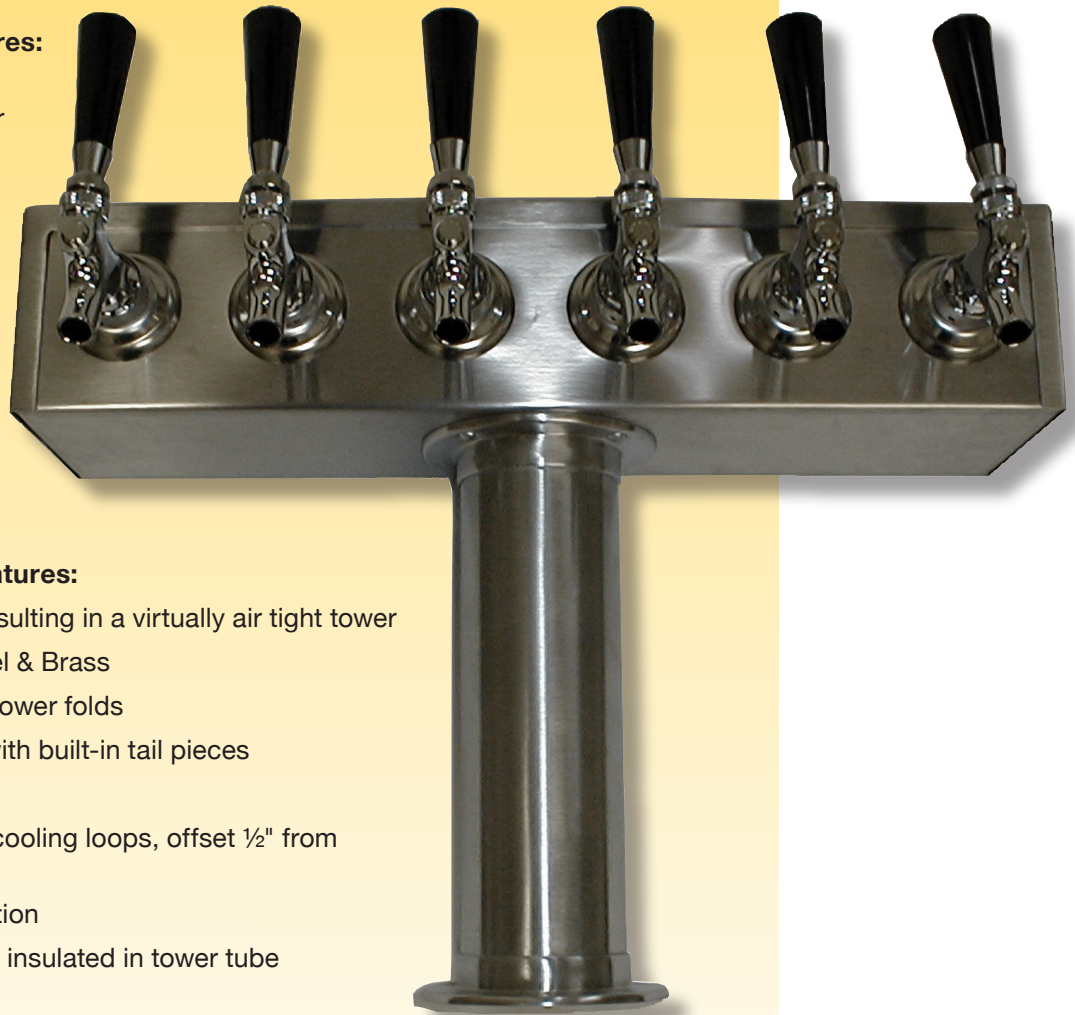

All stainless steel with either air cooled or glycol ready. Give your bar the elegance it needs with Taprite Draft Towers.

### Forced Air Tower Features:

- Laser cut precision – resulting in a virtually air tight tower
- 16 gauge Stainless Steel & Brass
- Interior Stainless Steel tower folds
- Shanks are machined with built-in collar & tail pieces
- ¼" Rubatex box insulation

### Glycol Ready Tower Features:

- Laser cut precision – resulting in a virtually air tight tower
- 16 gauge Stainless Steel & Brass
- Interior Stainless Steel tower folds
- Shanks are machined with built-in tail pieces
- Copper glycol tubes
- Formed Copper glycol cooling loops, offset ½" from box front
- Foamed in-place insulation
- Beer lines wrapped and insulated in tower tube

# T-TOWERS

## Model Number Description

### T-Towers: 3" Pedestals - Brushed Stainless Steel

TT3SS	"T" Tower 3 Product Stainless Steel Finish, Air Cooled
TT3CR-G	"T" Tower 3 Product Stainless Steel Finish, Glycol Ready
TT4SS	"T" Tower 4 Product Stainless Steel Finish, Air Cooled
TT4CR-G	"T" Tower 4 Product Stainless Steel Finish, Glycol Ready
TT5SS	"T" Tower 5 Product Stainless Steel Finish, Air Cooled
TT5CR-G	"T" Tower 5 Product Stainless Steel Finish, Glycol Ready
TT6SS	"T" Tower 6 Product Stainless Steel Finish, Air Cooled
TT6CR-G	"T" Tower 6 Product Stainless Steel Finish, Glycol Ready
TT8SS	"T" Tower 8 Product Stainless Steel Finish, Air Cooled
TT8CR-G	"T" Tower 8 Product Stainless Steel Finish, Glycol Ready

### Pass Thru Towers: 3" Pedestals - Brushed Stainless Steel

PT8SS	Pass Thru Tower 8 Product - Stainless Steel Finish
PT10SS	Pass Thru Tower 10 Product - Stainless Steel Finish
PT12SS	Pass Thru Tower 12 Product - Stainless Steel Finish
