

Glide Mounting Bracket For Taprite Regulators

Taprite Part#	Description
08-1080-00	Regulator "Glide" Mounting Bracket
3741G	3741 Primary Regulator w/glide mounting bracket
5261SNG	5261 Secondary Regulator w/glide mounting bracket

- New, Snap-on Plastic Bracket to replace metal bracket with washer and bolt
- Works only on Taprite's 3741 Primary and 5261 Secondary regulators
- "Patent-Pending" design by Taprite Fassco
- Provides a secure, snug fit for "Tool-Less" attachment to the regulator
- Will attach to Taprite's BIB Racks with Louvered Glide Pump Panels with no additional hardware or tools needed
- Mounting holes will also allow for attachment with screws to Flat Pump Panels

Order the Regulator "Glide" Mounting Bracket individually – OR – in combination with the Taprite #3741 or #5261 regulators as follows:
