

## THE TAPRITE ADVANTAGE

Taprite has been at the forefront of the beverage dispense equipment industry since 1940.

We are **beverage experience specialists**, delivering innovative, tailor-made, and fail-safe beverage dispense solutions that assist our customers in growing their business.

Taprite is a Texas based manufacturer, part of the DISPTEK family of companies, focused on providing products that have unparalleled quality, reliability, and value. We manufacture the beverage industry's most trusted CO<sub>2</sub> regulators, best-in-class beer dispense equipment, and innovative dispense equipment for both carbonated and non-carbonated beverages.

What sets Taprite, and the DISPTEK group, apart from our competitors:

- **Product Innovation:**

- On-going improvement and expansion of our product portfolio.
- Integration with our customers to develop and manufacture product solutions.
- Leverage our expertise and technology to anticipate customer needs.

- **Product Performance:**

- We build our products to perform consistently over the products life.
- Taprite products offer precise control, ensuring the proper dispense for your beverage, delivering consistent product quality.

- **Ease of Use / Service:**

- Products are designed with ease-of-use and serviceability in mind.

- **Reliability and Durability:**

- We use only high-quality materials, ensuring products are reliable and durable even in harsh environments.
- Reliable and consistent service from product development to delivery.
